# Who is it for?

People who:

- Need help to think of a business idea
- Have lots of ideas but are stuck
- Have a business idea but need help to start
- Have already started but are struggling to make it work

**This course will give you the skills to start a business and make money doing what you love.**

**Our approach is the polar opposite of traditional approaches to starting a business.**

We don't believe in business plans and we definitely don't believe in loans because this puts more people off than it helps. We'll show you how to start without spending money and get you to your first sale.

## Learn how to:

Start a business with no money

Build a website for free and get on Google

Handle tax, VAT and company set-up

Get the confidence to start
